Question: Suggestions for improvement of training program/ changing course modules

practical sessions, more judge specific practical exercises

Submitted: 14 Nov 2026, 11:05 AM

Question: Suggestions for improvement

The training programme should include more practical and field-oriented modules directly related to

our daily judicial and administrative responsibilities. Greater emphasis should be placed on hands-on exercises demonstrating how AI and IT tools can assist in drafting orders and judgments, analysing case records, legal research and court management. The training duration should be extended to ensure sufficient practical learning. Furthermore, laptops should be upgraded to meet current technological requirements, and all necessary software and applications should be provided. A separate and comfortable dining facility should also be arranged for female participants, ensuring their comfort and convenience.
